The body contains phosphorus sufficient to make 483,000 matches. Phosphorus is one of fourteen elements composing the body—divided among bones, flesh, nervous system and other organs. The perfect health of body requires a perfect balance of the elements. These elements come from the food we eat—the stomach extracts and distributes them.

But if stomach is deranged—the balance of health is destroyed and the blood does not carry the proper elements to the different organs, and there is blood trouble—nervous trouble—heart trouble. Pain is the hungry cry of starved organs. Put the liver, stomach and organs of digestion and nutrition into a condition of health. That is just what is done by

Rheumatic Blood is Whole Story

You Will Feel Like an Acrobat After Using S. S. S.

Rheumatism is simply a name given to designate a variety of pains, and can only be reached by irrigating the entire blood supply with a naturally assimilative medicine. There is but one standard rheumatism remedy, and is sold in all drug stores under the name of S. S. S. Attempts are often made to sell something claimed to be "just as good." Insist positively you will have nothing but S. S. S.

It contains only pure vegetable elements and is absolutely free of mercury, iodine or potash or arsenic.

The recovery of all types of rheumatism by the use of S. S. S. is a fine tribute to the natural efficacy of this remarkable medicine, for it is assimilated just as naturally, just as specifically, and just as well as the most acceptable, most palatable, and most readily digested food.
